# ALEXANDRE PESSOA

Digital Strategy & Transformation Consultant

Lisbon, Portugal - aapessoa@gmail.com - linkedin.com/in/alexandrepessoa - PT / EN / ES / FR

## PROFILE

Senior consultant helping B2B companies operating in Portugal and Spain turn digital and AI into processes their teams actually adopt - *from problem to process*. Engineer by training; founder of an independent digital practice serving international and Iberian B2B clients since 2008; previously a decade leading innovation and new-business units at Portugal's mobile operators, with world-first launches in mobile internet. Higher-education lecturer for three decades. Works across strategy, commercial processes, automation and AI adoption - and stays until it runs.

## EXPERIENCE

### Founder & Principal - Bluewright (est. 2008 as Blue Serenity), Lisbon 2008 - present

Senior digital strategy & transformation practice for B2B companies in Portugal & Spain

- Long-term advisory and execution relationships (typically many years) with clients from industrial SMEs to multinational leaders - Portuguese, Spanish, Belgian and American - in aerospace, engineering, health & pharma, education and tourism.
- Scope spans strategy, positioning and market entry; demand generation (SEO/SEM/social); CRM and commercial process design; marketing-data infrastructure, automation and AI adoption; multimedia production when needed.
- Recent engagements include a board-level market-entry strategy for a Belgian building-products group in Spain, and AI-assisted marketing-operations automation for the Spanish subsidiary of an international engineering group. Public portfolio references include **ISQ** (international engineering & certification group) and **dBwave.i** (acoustics & vibration multinational).
- The practice runs on its own AI and automation stack (self-hosted workflows, integrations, AI pipelines) - using daily what it recommends.

### Adjunct Professor - ISCE, Higher Education Institute, Lisbon 2010 - present; also 1997-99

- Strategy & digital marketing, management control, negotiation & e-commerce and logistics, undergraduate and postgraduate; certified trainer (CCPFC); co-founder & mentor, APMENTOR - Portuguese Mentoring Association (2017).

### Innovation & New-Business Leadership - Optimus / Sonaecom 2000 - 2008

Segment Director, Kanguru (2007-08) · Marketing & Sales Director, SME New Business (2002-07) · Portal Services Manager (2000-02)

- World firsts: **cross-platform chat service** (2001); **fixed-mobile social network** (Optimus Students - years before Facebook); **commercial Windows smartphone** launch; **operator flat-rate mobile broadband for computers** (Kanguru, 2005), which redefined internet access in Portugal.
- European and national firsts: first European operator with JAVA mobile games; Portugal's first operator WAP portal, mobile content billing (X-Mode), SMS advertising broker, location-based web service and data-card service; leading Portuguese operator in M2M/IoT and technology partnerships.
- Grew data & content services from **zero to ~20% of operator revenue** (2000-2007; Sonaecom annual reports); **first customer of Outsystems**, deploying the world's first Hub Edition.
- Programme director for Podium (SME entrepreneurship) and the Orange/PSA *Taxi du Futur* international showcase.

### Product Manager, Innovation - TMN / Portugal Telecom 1998 - 2000

- Coordinated the WAP project that made TMN the **world's first GSM operator with a functional WAP portal** (TMN.net, 1999); created Portugal's first mobile ISP, Europe's first mobile dial-up internet kiosk, and advanced voice & data services for the SME market.

### Sales Engineer - MRA Instrumentacao, Lisbon 1995 - 1998

- Marketing & sales of instrumentation, calibration and EMC solutions to Portugal's most demanding technical buyers (energy, petrochemical, accredited labs, universities, aerospace); relaunched a brand to category leadership, tripling sales in two years; over 30% share in petrochemical/energy calibration within three years.

### Radio Officer (Chief) - Merchant Navy, SOPONATA / ARGO & Portline 1991 - 1995

- Senior officer responsible for all onboard maritime mobile-service systems and SOLAS (safety-of-life-at-sea) coordination - technology where failure is not an option.

## EDUCATION & CREDENTIALS

- **Specialist Title in Business Sciences** (Titulo de Especialista, by public examination) - ISCE, 2022
- **Executive MBA programme** - Sonaecom Corporate University (INSEAD / Universidade Nova de Lisboa), 2002-03
- **MSc in Project Management** - Universidade Aberta, 2002
- **Licenciate Engineer (M.Eng.) - Marine Electrical & Telecommunications Systems** - Escola Nautica Infante D. Henrique, 1988-95

- Executive education in pricing, CRM, negotiation and leadership (AESE, EGP-UPorto, London Business School short course, Ericsson Academy)

## LANGUAGES

Portuguese (native) - English and Spanish (full professional / bilingual) - French (professional working) - Italian (elementary)

## SPEAKING & RECOGNITION

- Speaker at APDC communications congresses on mobility and value-added services (2007) and at the IASP World Conference on Science & Technology Parks (2003), among others.
- 11 public LinkedIn recommendations, including senior executives of NOS, Vodafone, EDP and Glintt.
